

BrightLocal SEO Citations Study

Information for Restaurants and Cafés

Local citations are essential in achieving visibility in local search results.

When your business's Name, Address, and Phone number (NAP) are mentioned online in directories, review sites and local databases, you can be sure of increased visibility, discoverability and awareness among local consumers.

Key Findings

Average number of citations restaurants and cafés have is **108**

The median number of citations is **127**

Of all industries, the average number of citations restaurants have is **3rd highest**

How much do citations impact visibility for restaurants?

We wanted to find out:

- How many citations restaurants and cafés need to outperform their competitors
- The impact citations have on Google Local ranking — i.e. what correlation is there between citations and ranking position

BrightLocal monitors ranking positions in Google Local and audits the citations for thousands of businesses across many different sectors.

We **identified food service-related keywords**, and used these to find the top 10 ranked businesses for each search term. We then explored the **ranking performance**, and **numbers / sources of citations** of each of these top businesses.

About the Study Sample:

1,044 related keywords

8,142 businesses

In total we analyzed 26 different industries.
